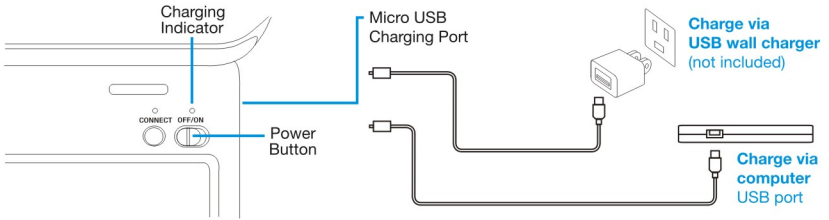
Charging Your 360° Swivel Bluetooth Keyboard

Note: Please fully charge the 360° Swivel Bluetooth Keyboard prior to use. It takes approximately 2 hours to charge an empty battery. Make sure your Bluetooth Keyboard is turned OFF.



for iPad Air™

360° Swivel

The single 360° swivel smart bracket holds your iPad Air in place, easily converting it into a laptop-style design

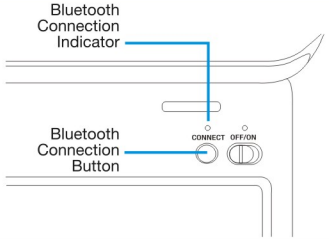
CHARGING VIA WALL CHARGER: Connect one end of the cable to the Micro USB port and the other end to the wall charger.

CHARGING VIA COMPUTER: Connect the Micro USB end of the cable to the Micro USB port and the USB end to the computer's USB port.

While the Bluetooth Keyboard is charging, the charging indicator will be red. Once fully charged, the charging indicator will turn off.

Tip: To extend the life of your battery between charges, turn off the Bluetooth function whenever you are not using it. You may also be required to turn off Bluetooth function in some locations. Bluetooth function will turn off when you switch to Airplane mode.

Connecting to Bluetooth/Pairing



Follow the below instructions to "pair" your devices for initial use. Once you have paired your iPad Air (device), you do not need to repeat the pairing process, the keyboard will automatically link to the iPad Air (device) when both devices are switched on.

If using your Bluetooth Keyboard with another device, you must perform the pairing process again.

1. Turn on your Bluetooth Keyboard by switching the power button from OFF to ON.

2. Turn on the Bluetooth function of your iPad Air by going to **Settings>Wireless & Networks**. Slide the Bluetooth slider from OFF to ON.

3. On the Bluetooth Keyboard, press and hold on the **Bluetooth Connection Button** for 3 seconds, then release it. The blue LED light (Bluetooth Connection Indicator) will start flashing while attempting to connect to iPad Air.

4. While on iPad Air, click on "Search for device" or "Scan" button and the iPad Air will take a moment to search for the TZUMI Bluetooth Keyboard.

5. Once the scan result list shows up, click on the name of the device (see Figure A).

6. Once connected, a dialog window will pop up (see Figure B), please follow the instructions and type in the requested number on your Bluetooth Keyboard to complete the pairing process.

7. "Connected to input device" will display on your iPad Air (see Figure C) when the devices have successfully paired. Now you may use your Bluetooth Keyboard.
